Food Allergies and Intolerances

(v) - Vegetarian (vg) - Vegan

Ask your server about Gluten free options

Please inform a member of staff before you order if you have any specific dietary requirements. Unfortunately, it is not possible to guarantee that our busy kitchens are completely free of allergens due to fryers being used for more than one product on the menu. There is a small risk of cross-contamination of products. Allergen information will be kept up to date and should be checked each time you visit, as we may update recipes from time to time.
